

Land Steward Brunswick-Topsham Land Trust

Position:

Hours: 40 hours/week

Duration: July - October

Compensation: \$20/hour

The Brunswick-Topsham Land Trust was founded in 1985 to conserve the remarkable diversity of the natural heritage of Brunswick, Topsham and Bowdoin. With the conservation of over 2,800 acres of natural areas, the Land Trust is actively pursuing its mission while maintaining 24 miles of trails, managing a seasonal Farmers' Market and Community Garden, and collaborating with numerous partners in the area to further conservation and community. To learn more about BTLT, please go to <https://www.btl.org/mission/>.

This position is part field work, part office based work that will support the Land Trust's stewardship and lands work and help to maintain, monitor, and manage the protected lands and trails of the Brunswick, Topsham, and Bowdoin region.

Responsibilities:

Stewardship

- Read surveys and navigate boundaries to flag and install permanent markers on fee and easement properties
- Assist with property monitoring and report writing
- Manage and engage volunteers to complete trail work, property monitoring, and other stewardship tasks
- Assist with coordinating trail work, securing materials and tools
- Conduct mapping and mechanical control of invasive plants (i.e. cutting, digging, pulling) as applicable
- Work cooperatively with other seasonal staff
- Complete other stewardship tasks as needed

Lands

- Create and update baseline documents, including associated field work and mapping, for potential conserved lands projects
- Coordinate project tracking and recordkeeping of lands documents
- Assist with other lands tasks as needed

Necessary Qualifications:

- Driver's license and reliable personal transportation

- Ability to lift and carry heavy materials and equipment over rough ground
- Willingness to work in sometimes adverse conditions including heat, rain, biting insects, and difficult terrain
- Ability to use hand tools and power tools in the field
- Ability to work responsibly, safely, and at times independently
- A positive attitude and passion for land conservation

Preferred Qualifications:

- Previous experience in a stewardship or trail building position
- Experience using ArcGIS and making maps
- Experience using a chainsaw
- Knowledge of local flora and fauna

To Apply

Please email a cover letter, resume, and two references to: info@btl.org with “Land Steward Position” as the subject by Friday, June 26th, 2020.
