

Fossil Fuel CEO Greenwashing

B I N G O

Check off these false and misleading claims when you hear them

<p>“I don’t recall”</p> 	<p>Big Oil provides “good jobs”</p>	<p>“Oil and gas are part of the solution”</p> 	<p>Claims that carbon capture will get us to net zero emissions</p>	<p>“It’s not our fault people burn our products”</p> 
<p>Pitting climate action against economic growth</p>	<p>“Uncertainties” in climate science</p> 	<p>Treating unproven “solutions” as a silver bullet (e.g. algae biofuel)</p>	<p>“Renewables are unreliable”</p> 	<p>“Our shareholders only care about short-term profits”</p>
<p>“Personal responsibility”</p> 	<p>Claiming fossil fuels made modern society possible</p>	<p>FREE SPACE</p>	<p>Whining that it’s too hard to decarbonize power generation</p>	<p>“Our lobbyists don’t represent us”</p> 
<p>“That was before my time”/“looking forward”</p>	<p>Softball question from bought-and-paid-for politicians</p> 	<p>Pointing fingers at governments</p>	<p>“Renewable natural gas”</p> 	<p>Touting community involvement</p>
<p>Touting investments in clean energy</p> 	<p>“If we’re not producing oil and gas, someone else will”</p>	<p>Efforts to change the subject</p> 	<p>Pretending to support government regulations</p>	<p>“We’re just providing what consumers want”</p>
